

SAFETY DATA SHEET

Advent

Section 1: Identification of the Substance and Supplier

Product Name:	Advent
ACVM Registration Number:	A11395
Pack sizes:	10,000 doses, 40,000 doses
Recommended Use:	Coccidiosis vaccine containing live oocysts of <i>Eimeria maxima</i> , <i>E. tenella</i> and <i>E. acervulina</i> An aid in the prevention of coccidiosis in broiler chickens caused by <i>Eimeria maxima</i> , <i>E. tenella</i> and <i>E. acervulina</i> .
Company Details:	AgriHealth NZ Ltd Unit 1.2, 89 Grafton Road, Grafton, Auckland 1010, New Zealand Phone: +64 9 215 1199 Fax: +64 9 984 9455 Website: www.agrihealth.co.nz
Emergency Telephone:	National Poisons Centre: 0800 764 766 (0800 POISON) Fire Service, Ambulance: Dial 111

Section 2: Hazards Identification

Classified as a non-hazardous substance according to the criteria in the Hazardous Substances (Minimum Degrees of Hazard) Regulations 2001. Does not contain any ingredients classified as hazardous.

Section 3: Composition / Information on Ingredients

Product Components:

Name	CAS Number	Concentration
Live Eimeria oocyst suspension	N/A	≤ 50%
Phosphate buffered saline	N/A	≤ 50%

N/A = not applicable or not available

Section 4: First Aid Measures

- First Aid Measures:** For advice contact the National Poisons Centre on 0800 POISON (0800 764 766) or a doctor.
- General: If medical advice is needed, have product container or label at hand. Wash exposed skin thoroughly after handling.
- Avoid breathing mist or spray
- Skin Contact: If skin contact occurs remove contaminated clothing and wash skin with plenty of soap and water. If skin irritation, rash or symptoms occur, consult a doctor.
- Eyes: If eye contact occurs, rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation occurs: get medical advice/attention.
- Ingestion: If swallowed, call the National Poisons Centre 0800 764 766 or a doctor/physician for advice.
- Workplace Facilities:** No special facilities are required.
- Required Instructions:** Wear protective gloves.
- Notes for Medical Personnel:** The Eimeria species in this vaccine are not known to be infectious for humans.

Section 5: Fire Fighting Measures

- Type of hazard:** Non-flammable
- Fire Hazard Properties:** N/A
- Extinguishing Media and Methods:** N/A
- Hazchem Code:** N/A
- Recommended Protective Clothing:** N/A

Section 6: Accidental Release Measures

- Emergency Procedures:** Wear suitable protective clothing. Restrict access to contaminated area. Prevent further spillage, and prevent spilled material from flowing onto adjacent land or into waterways. Retrieve intact containers from site. Place damaged containers into containment devices. Clean the contaminated area with new sponges soaked in water. Place the spillage including sponges into sealable containers for disposal. Avoid contamination of water courses or sewers. Dispose of waste safely.

Section 7: Handling and Storage

Precautions for Safe Handling:	Wear protective gloves. Avoid contact with skin and eyes.
Regulatory Requirements:	An emergency response plan is not required for this substance when stored in any quantity. Secondary containment is not required for this substance when stored in any quantity. Signage is not required for this substance when stored in any quantity.
Handling Practices:	Avoid skin contact. Wash hands and exposed skin before meals and after use. Do not eat, drink or smoke while using.
Approved Handlers:	Not required
Conditions for Safe Storage:	Store at 2-8°C away from sunlight. Do not freeze. Discard all unused concentrate and prepared product within 10 hours of vial opening.
Packaging:	Store in original container, away from foodstuffs.

Section 8: Exposure Control / Personal Protection

Workplace Exposure Standards:	None set
Application in the Workplace:	Prevent exposure by using engineering controls, personal protective equipment and work practices that prevent contact with skin and eyes.
Exposure Standards outside the workplace:	None set
Personal Protection:	Wear protective gloves. Do not eat, drink or smoke when using this product. Wash hands with soap and water before breaks and after work. Keep away from foodstuffs and beverages.

Section 9: Physical and Chemical Properties

Product Properties:	Appearance:	Clear liquid with small white sediment
	Density:	N/A
	pH:	7.2 – 7.6

Section 10: Stability and Reactivity

Stability of the Substance:	Stable under normal conditions of use and storage
Conditions to Avoid:	Avoid heat and light
Material to Avoid:	None known
Hazardous Decomposition Properties:	Does not occur
Hazardous Polymerisation:	Does not occur

Section 11: Toxicological Information

HSNO Classification:	Not hazardous
-----------------------------	---------------

No data is available for the formulated product. The active ingredients are non-hazardous. May be a possible skin or eye irritant. Avoid skin and eye contact.

Section 12: Environmental Information

HSNO Classification:	Not hazardous
-----------------------------	---------------

Section 13: Disposal Considerations

Disposal Information:	Preferably dispose of the product by use. Otherwise dispose of product and packaging at an approved landfill or other approved facility. Avoid contamination of any water supply with product or empty container.
------------------------------	---

Section 14: Transport Information

Land Transport	Not classified as dangerous goods for transport under NZ Standard 5433:2007 Transport of Dangerous Goods on Land.
Air Transport	Not classified as dangerous goods for transport under International Civil Aviation Organisation and International Air Transport Association regulations
Sea Transport	Not classified as dangerous goods for transport under International Maritime Organisation regulations
UN Number	N/A
Proper Shipping Name	N/A
DG Class	N/A
Subsidiary Risk	N/A
Packing Group	N/A

HAZCHEM Code N/A

Marine Pollutant No

There is no restriction for carriage of this product on public service vehicles.

Section 15: Regulatory Information

Regulatory Status: Registered pursuant to the ACVM Act 1997, No A11395
See www.foodsafety.govt.nz for registration conditions

HSNO and ACVM Controls: Refer to section 2

List Exposure Limits: None set

An SDS is not required to be provided when Advent is sold or supplied.

An emergency response plan and secondary containment is not required for storage of Advent.
Signage is not required for this substance when stored in any quantity.

Section 16: Other Information

Additional Information: For product information see the AgriHealth website:
www.agrihealth.co.nz

Date of preparation: 28 July 2017

Due for revision within 5 years.

The SDS summarises, at the date of issue, AgriHealth's best knowledge of the health and safety hazard information. Although reasonable care has been taken in the preparation of this document, AgriHealth NZ Ltd extend no warranties and make no representations as to the accuracy or completeness of the information contained therein, and assume no responsibility regarding the suitability of this information for the user's intended purposes or for the consequence of its use. AgriHealth NZ Ltd urges the recipient of this SDS to study it carefully to become aware of, and understand, the hazards associated with the product as well as determine the suitability of the information for the intended purpose.
