

LB6620v1-OptP10,000CT-fa20-NZ1124

FOR ANIMAL TREATMENT ONLY

Optiphos® Plus 10,000 CT

6-phytase enzyme feed additive

Suitable for broilers, chickens reared for laying, laying hens, turkeys for fattening, turkeys for breeding, piglets (weaned), pigs for fattening and sows to improve the digestibility of phytin-bound phosphorus in feed as well as improving the utilisation of other nutrient substances, such as proteins, calcium, microelements and amino acids.

COMPOSITION:

An enzyme preparation of 6-phytase (EC 3.1.3.26) produced by strain *Komagataella pastoris*, having a minimum activity of 10,000 FTU / g.

DIRECTIONS FOR USE:

To be used orally after fully mixing with compound feed in the following dosage:

Laying hens: 25 grams per tonne of feed
Other animal species: 50 grams per tonne of feed

WITHHOLDING PERIODS:

Nil

DANGER

May cause allergy or asthma symptoms or breathing difficulty if inhaled. May cause an allergic skin reaction.

HANDLING PRECAUTIONS:

Avoid breathing dust. In case of inadequate ventilation, wear respiratory protection. Wear protective gloves, clothing, eye and face protection. Contaminated work clothing should not be allowed out of the workplace.

Wash hands thoroughly after handling.

FIRST AID: IF ON SKIN: Wash with plenty of soap and water. Take off contaminated clothing and wash

before reuse.

IF INHALED: remove person to fresh air and keep comfortable for breathing. If experiencing respiratory symptoms, or if skin irritation or rash occurs, call the National Poisons Centre 0800 764 766 or a doctor.

DISPOSAL: Dispose of unused product and empty packaging at an approved landfill or other facility.
