

## Product specification

**OptiPhos<sup>®</sup> Plus 10000 CT - Premixture**

OptiPhos<sup>®</sup> Plus 10000 CT is a coated formulation of phytase for use in animal feed.

Product characteristics	
Name	OptiPhos <sup>®</sup> Plus 10000 CT
Composition	premixture of OptiPhos <sup>®</sup> Plus coated particles and rice hulls
Description	phytase enzyme for monogastric animals white-beige coated particles mixed with beige to light brown rice hulls
Enzyme activity	6-phytase, EC 3.1.3.26
Minimum activity	10000 FTU/g
Target Species	Poultry and pigs

Composition	Value	Unit
6-phytase	<10	%
Carriers	>90	%

Physical properties	Result
Density	0.50-0.54 g/ml
Colour and appearance	Light beige to brown
Dusting	Dust free
Flowing	Free-flowing low-caking tendency
Heat stability	Heat stable when pelleting temperature < 90°C

Handling	
Storage conditions	Cool and dry
Shelf life	24 months (after production date)*
Packaging	20 or 25 kg PE lined paper bag, big bags on demand

Dosage:

Category	Recommended dose
Piglets, lactating sows, all poultry except laying hens	500 FTU/kg
Fattening pigs, gestating sows and laying hens	250 FTU/kg
